| Traditional and e-Learning approaches | | |
|---------------------------------------|--|--|
| | Traditional | E-Learning |
| Classroom | Physical – limited size Synchronous | Unlimited Anytime, anywhere |
| Content | Powerpoint Textbook/library Video Collaboration | Multimedia / simulation Digital library On demand Syn & Asyn. communication |
| Personalization | One learning path | Learning path and pace determined by students |

E-Learning System

Also known as **Learning Management System (LMS)**

- Registration for Instructor and Student
- Courses
- Assignments
- Delivery of tests and assessments
- Tracking and reporting of student progress
- Student Engagement

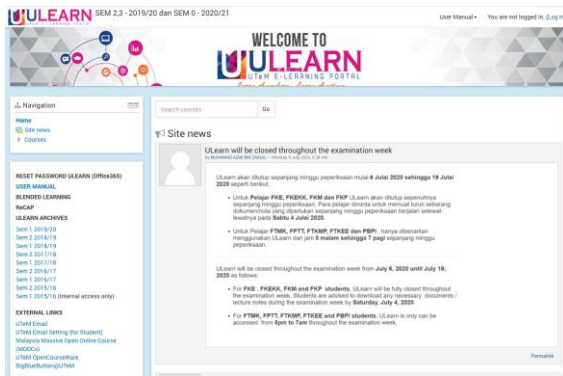

E-Learning Platforms

- Moodle
- Blackboard
- Claroline
- Edmodo
- Schoology

Examples..

Main component in ULearn

- Site → ulearn.utem.edu.my
- User
- Category → Faculty → Bachelor Degree, Diploma, Postgraduate,
- Course → Coursepage
- Resource → Files, Folder, Page, URL etc.
- Activity → Forum, Chat, Assignment, Quiz, etc

Task for Lecturer

- Edit course settings
- Course Enrollment
- Group management
- Design, build and maintain course page
